To Whom It May Concern:

I am pleased to recommend Miss Jessica Kelley for a teaching position within your school district. In my classroom, Miss Kelley taught second and third grade learning support. That included phonics, reading fluency, reading comprehension, written expression, and two different levels of math.

Miss Kelley has a deep understanding for independent needs of students and aligning student needs with district curriculum, and state standards. Miss Kelley developed many lessons that were hands-on and creative to enhance student learning. Miss Kelley articulated clear objectives for each lesson and ensured all students were learning and having fun. These creative and engaging lessons minimized the problem behaviors within the classroom.

Miss Kelley established rapport with students and helped create a safe environment for student learning. Miss Kelley is very reliable, organized, and is willing to go above and beyond for students. Miss Kelley was involved with extracurricular activities while student teaching such as One School, One Book and pitching on the Thiel College Softball Team. She has excellent time management skills and enjoy to being involved in the school community.

Miss Kelley did an outstanding job while student teaching within my classroom. She takes criticism and suggestions with poise. With that being said, it is without reservation that I recommend Miss Jessica Kelley for a teaching position within your district. If you should need more information about Miss Kelley, please do not hesitate to contact me at 330-219-0051.

Sincerely,

Emily A. Skebo
